

THE AUSTRO-BRITISH SOCIETY HOROSCOPE 2025

by Eva Vaskovich-Fidelsberger

The planets show tendencies – but we decide how we deal with them and what we make of them! Strengthen positive constellations through appropriate action, take advantage of opportunities, see tense constellations as an invitation to rethink your life and get things in order. Crises are also opportunities!

‘Many people miss out on small pleasures
while they are waiting for the big ones’
(Pearl S. Buck)

I wish you good health, happiness, success and many enjoyable hours with family and friends in 2025.

Yours
Eva Vaskovich- Fidelsberger

ARIES

Jupiter is your auspicious companion until the beginning of June! Commitment pays off – lucky breaks are possible – including in the financial sector. However, from the second week of January until mid-April, don't act too impulsively! From the end of May until the beginning of September, Saturn makes a guest appearance. Resolve any outstanding issues, otherwise they could come up again in 2026. Dynamic Mars aspects from mid-April to mid-June and from early November to mid-December increase your willpower and stamina. Love luck promises Venus in February, March, May, the first three weeks of September and the first three weeks of December.

TAURUS

Uranus is the restless background music until the beginning of July and from November. Stay realistic, handle changes with care – then 2025 will be a mostly good year. But from mid-April to mid-June and from late September to mid-November, you may overestimate yourself and act hastily. Mars strengthens your assertiveness from the second week of January until mid-April, as well as from mid-June until early August and in the second half of December. You will have a positive track record at the end of the year! You can arrange financial matters in your favour in the second half of the year. Love and friendship are under a lucky star in June, from the end of September until mid-October and from Christmas onwards.

GEMINI

Saturn may be felt as a burden until the end of May and from the beginning of September, it admonishes - but also organises! Thanks to Jupiter, decisions and changes will be easier for you until the beginning of June. Under Jupiter's influence, your financial situation could also improve! Mars strengthens your determination and stamina from mid-April to mid-June, in August and in the first three weeks of September. But be careful not to dissipate your energy and overlook important details from mid-June to mid-August and from early November to mid-December. Venus promises pleasant hours, romance and interesting encounters in February, March, May, July and from mid-October to early November.

CANCER

A mostly pleasant year awaits you, even though Mars is fiddling with you from the second week of January until mid-April, in August and in the first three weeks of September. Saturn could prompt you to rethink some areas from the end of May to the beginning of September, but thanks to Jupiter in Cancer from the beginning of June, you will get a lot back under control. You can successfully take care of financial matters from the beginning of June, and also tackle new things! The days from mid-June to early August and from late September to early November are particularly promising. Your personal life is developing well. The love star shines especially brightly in January, April, August and November.

LEO

Changes are tempting (Uranus is the instigator!), but they should be treated with caution in the first half of the year and from the beginning of November – especially from mid-April to mid-June, when Mars is also involved. But your lucky star is with you until the beginning of June – all's well that ends well! From the beginning of July to the beginning of November, Uranus makes you curious about new things and you can successfully put ideas into practice. In August and the first three weeks of September, in November and the first half of December, Mars strengthens your stamina and willpower. Financial commitments will pay off by early June. Love is in the air in February, March, May, the first three weeks of September and the first three weeks of December.

VIRGO

All's well that ends well! Whatever you have not yet resolved could become urgent again in late May and from September. Saturn calls for action! Uranus, however, awakens your courage to start something new until early July and from early November, intensified by Mars until mid-April and in the second half of December. But don't be too ambitious from mid-June to early August and from early November to mid-December! Jupiter is your promising background music from June onwards! Efforts pay off, crises turn out to be opportunities. You can successfully clarify financial matters. Your love life is under a lucky star in June, from the end of September to mid-October and from Christmas onwards.

LIBRA

A pleasant year lies ahead of you! Until the beginning of June, Jupiter indicates luck and success, including in money matters. From mid-April to mid-June, in November and in the first half of December, the powerful influence of Mars is also noticeable. Systematically build on what you have achieved so far. From the second week in January until mid-April, in August, in the first three weeks of September and at the end of the year, a little restraint is recommended; you could overlook important things. Also, from the end of May until the beginning of September, do not ignore the admonishing influence of Saturn; get rid of deadwood. Venus shines brightly for you in July, from mid-October until the beginning of November and in the first three weeks of December.

SCORPIO

The positive outweighs! Jupiter is your lucky star from the beginning of June! Commitment pays off, and your financial situation could improve. However, until the beginning of July and from November onwards, be cautious about wanting change – Uranus is a trouble spot. From mid-April to mid-June and from late September to early November, Mars could tempt you into wanting to do too much in too little time! Caution pays off. From the second week of January until mid-April and from mid-June until early August, your efforts will be rewarded! In January, April, August and November, give free rein to your feelings and passions. They will be reciprocated!

SAGITTARIUS

Many things are possible! From mid-April to mid-June, in August and in the first three weeks of September, Mars increases your willpower and stamina. From mid-June to early August, however, as well as in November and the first half of December, you could overshoot the mark in your zeal and overlook important things. Saturn is still in a tense aspect until the end of May and from September onwards, urging you to finally resolve inconsistencies. From the end of May until the beginning of September, however, the powers of Saturn will have a positive effect, and you will be able to focus your energies and use them purposefully. You can look forward to some wonderful times with your family, friends and partner in February, March, May, the first three weeks of September and the first three weeks of December.

CAPRICORN

The challenging influence of Saturn in the coming years casts its shadow from the end of May to the beginning of September. Take precautions and make the necessary decisions this year. Mars will help you from mid-June to early August – it will provide you with energy! Until the end of May and from the beginning of September, Saturn will stabilise you, enabling you to successfully go your way. But rein in your ambition from the second week of January until mid-April, in August, in the first three weeks of September and at the end of the year. Sometimes less is more. You will be in top form from the end of September to the beginning of November. Your heart's desires could come true in June, from the end of September to mid-October and from Christmas onwards.

AQUARIUS

Many things are possible! But be careful! Uranus is a trouble spot from the beginning of July until the beginning of November. You could want to change too much in too short a time. From mid-April to mid-June, Mars will intensify this tendency. Thanks to Jupiter, however, by the end of May, many things will ultimately turn out for the best and you will be lucky. The period from early July to early November, when Uranus is inspiring you, will be exciting in the best sense of the word! Put your ideas into practice! In August and the first few weeks of September, Mars strengthens your willpower and consistency. Your love star shines brightly in February, March, May, July and from mid-October to early November.

PISCES

Old issues should be finally resolved (Saturn is in the Pisces sign until the end of May and from September), but the year's balance sheet is satisfactory! From the second week of January until mid-April, from the end of September until the beginning of November and in the second half of December, Mars will be a powerful influence, boosting your stamina and stamina. From the beginning of June, Jupiter, the planet of luck, will also be favourable to you. Your commitment will bear fruit and bring success, including in financial terms. From mid-June to early August, in November and in the first half of December, however, Mars tempts you to act hastily. Choose the tactic of small steps! As an emotional Pisces-born, January, April, August and November will be very much to your taste. Venus promises many beautiful things.
