Prince George Alexander Louis of Cambridge
His birth chart

22 July 2013 4:24 p.m. St. Mary's Hospital, London

His grandmother, Princess Diana, 'the Queen of Hearts,' was born under the sign of Cancer, just like Prince George, the future 'King of Hearts.' What characterises those born under the sign of Cancer? EMOTIONS, a tsunami of feelings – towards their parents, children, romantic partners, friends, pets, home, traditions... They are empathetic and helpful, but also very sensitive. A small thing can hurt and offend them deeply, causing a gloomy, long-lasting silence.

In Prince George's horoscope, not only is the sun in the sign of Cancer, but also Jupiter, Mars and the moon! These feelings are powerful and 'ideal' for the future king, as his love for his country, for people and for upholding traditions are accentuated. The moon in Capricorn strengthens his willpower, realism, materialism and intellect. He will have to come to terms with many conflicts between his feelings and his intellect, and the dreamer will be brought back down to earth. Pluto and the moon in Capricorn are in the financial house of his birth horoscope; the sun, moon, Mars and Mercury are in Cancer in the 8th house (inheritance). He will be the guardian of the inheritance (tradition and material goods) – like Alberich, the guardian of the Nibelung treasure. The ascendant and Saturn are in the strong-willed and passionate sign of Scorpio; nothing will escape him. He sees through his fellow human beings and does not let up until he has explored everything, seen through every little detail and understood everything. Jealousy and possessiveness will also play a role in relationships.

'Therefore, examine carefully who you bind yourself to forever.' Venus is in Virgo in his birth chart – his wife will have to be perfect in every way, and reason will play a role in his choice.

2025, first half of 2026

Even though he may be confronted with challenges and changes time and again, Jupiter, the planet of luck, is in Cancer. All's well that ends well.
